“Those insouciant scamps Jonny Porkpie and Nasty Canasta take their themed burlesque into the lion's den of high-concept clown shows and stuff those haute-cirque's pretensions where the soleil don't shine.” -Time Out New York

Pinchbottom's smash-hit **“PRETENCIÓN un cirque de burlesque, un burlesque de cirque”**, which packed Spiegelworld's Deluxe Tent at the show's world-premiere last weekend, returns to the South Street Seaport for one night only, Saturday, October 18 at 10:00pm.

The show was developed by Pinchbottom specifically to debut at Spiegelworld, joining the ranks of house favorites like “Absinthe”, “La Vie”, and “Desir”. But “PRETENCIÓN” takes cirque where only Pinchbottom can take it; past the bounds of good taste and into the realm of hilarious self-parody. Be dazzled as burlesque performers are transformed into gorillas, self-hating clowns, impossibly accented ringmasters, incomprehensible lessons in morality, oblique songsmiths, clockwork ballerinas, and spanking machines.

“The turnout for PRETENCIÓN'S September premiere was extraordinary... one might even say ‘magical’,” intoned producer Nasty Canasta, in an unconvincing French accent. “We've never packed this many people into a venue before. Clearly, pretension is a subject of great interest to the people of — how do you say? — New York City.”

“Pretención is the place where Mystery sits at a table with Elegance, and Imagination orders a round of drinks before dinner. It is a world where those drinks are served by a pompous clown. Join Pinchbottom on a sensual quest for Pretención, which turns ordinary burlesque performers into infuriatingly magical, unendurably spellbinding artistes who peel away the mundane with every layer of clothing.”

With an all-star lineup featuring a tentful of award-winning burlesque performers, and a brand-new roster of guest stars, October's presentation of PRETENCIÓN promises to once again be a high-falootin' treat for cirque-lovers and haters alike. *Starring* Nasty Canasta & Jonny Porkpie, *plus* Bastard Keith, Naughtia Nice, Tigger!, *and special guest stars* Delirium Tremens, Dirty Martini, GiGi La Femme, Little Brooklyn.

“Step into the world of Pretención — but be careful not to trip on the magic.”

“A spankingly delicious night of dazzle and dare.” -NEXT Magazine
